# Orlah and Neta Revay

David planted trees in his orchard in different years, and made signs with the year of planting. Help David mark the trees: *orlah* trees – red; *neta revay* trees – yellow; other trees whose fruit can be eaten as usual – green.

* **Orlah**: The prohibition to eat or benefit from fruit growing on a tree in its first three years.
* **Neta Revay**: In the tree's fourth year, the fruit is holy and it can be eaten in purity in Jerusalem. Today, we transfer the holiness of the fruit to a coin.
