

# First Fruits: Bikurim

The *olei regel* brought *bikurim*, their first fruits, to the *Beit Hamikdash*. Accidentally, someone brought a basket with the wrong fruit. Color the picture in, except for the basket with fruit that is not *bikurim*.

\* **Bikurim**: The first fruits of the **shivat haminim** (seven species: dates, grapes, pomegranates, olives, figs, wheat, and barley) are brought to the *Beit Hamikdash*. The baskets are placed next to the *mizbe'ach*, and the farmer thanks Hashem for bringing us to the Land of Israel.
